Dear Associate,

Greetings from Canara Robeco !

Hope you and your family are keeping fine and in good health.

The year has been a testing one and the pandemic did impact our lives as well as the stock market. As we have learnt to embrace the New Normal, the Markets too have recovered restoring faith amongst the investors. During these extremely challenging times you have stood by us, reassuring your investors and reaffirming your faith in our fund management capabilities as well as risk management processes.

We Thank You For Your Unwavering Support. We firmly believe that there are immense possibilities for wealth creation in the long term, provided one sticks to his or her financial plans stomaching the periodic market turbulence. One Fund Category which has shown stability and is apt for the present times would be the Large Cap Fund which predominantly invests in the Top 100 companies based on market capitalization. Our Large Cap Fund, Canara Robeco Blue Chip Equity Fund has just completed 10 years and has consistently outperformed the benchmark and maintained top quartile performance amongst its peers. In light of the above, we would like to run a Special Campaign on our Canara Robeco Blue Chip Fund. The synopsis of the campaign is attached herewith and we do hope that you find it exciting and rewarding.

Also enclosed Brokerage structure for the Quarter October to December 2020
B30 rates are rolled out on monthly basis.

We look forward to your continued support as always.

Please contact your Relationship Manager for any queries or clarification or email to <service@canararobeco.com>

Thanks & regards,
TEAM - Distributor Services
